

## Citra Clean Concentrate

Probably the only cleaner required and one of the most powerful and versatile cleaners available. Citra Clean may be used successfully for all types of janitorial and most industrial cleaning applications. Undiluted it will remove chewing gum and tar from carpets as well as grease, ink, adhesive and sealant from almost any surface. Powerful enough to strip polish, wax and even some graffiti from hard surfaces and flooring, yet diluted it becomes the perfect carpet, upholstery and general-purpose cleaner. Citra Clean is great on walls, painted surfaces concrete and terrazzo, and will quickly remove sticky finger marks as well as black shoe scuffs.

For the caterer, Citra Clean lifts grease and carbon from ovens, cleans griddles, BBQ's and all types of ducting and extraction filter equipment. In the industrial market, this remarkable product removes greasy grime and oil from machinery, vehicles and work areas, as well as oil and diesel spillages from drives and floors.

Citra Clean out performs many cleaners dedicated to marine, agricultural and industrial applications. It is low-foaming and easily rinsed, biodegradable, highly dilutable and un-classified under CHIP and current EEC regulations, Citra Clean is also ideal for industrial applications where quick separation of the cleaning solution from the soiling is important to minimise the risk of pollution.

**Product code: CC5, CC20**

## Orange Squirt

A ready to use, yet dilutable orange-based cleaner-degreaser. Squirt is formulated as a powerful trigger-spray cleaner for all applications including spot-cleaning on carpets and all types of hard surfaces. As a spray-and-wipe cleaner Orange Squirt out performs most products and is amazingly versatile.

**Product code: OS750, OS5**

## Citra Cling

A spray cleaner that clings onto vertical surfaces, enabling the natural orange solvents to work on the soiling longer.

**Product code: CCLING750, CCLING5**

## Grease Buster

Deep penetrating cleaning mousse delivered via an aerosol. The natural orange solvents quickly break-down grease, oil, tar and adhesive. Grease Buster clings to vertical surfaces and is an ideal cleaner for tough jobs within the workshop or garage as well as in schools and offices.

**Product code: GB450**

## Fresh Orange

This long lasting odour counteractant contains natural orange oils blended with plant extracts to provide an exceptionally powerful, yet natural solution to mal-odours. Spray a little into waste-bins or onto door-jams to eradicate unwanted smells and provide long-lasting relief from odours in care homes, public buildings, bars, schools and offices.

**Product code: FOO450**

## Citra Clean Drain Cleaner

This orange, solvent-based drain cleaner quickly dissolves greasy, fatty blockages without attacking the pipe work. Also suitable for masking bad odours emanating from floor gullies and sluices.

**Product code: CCDC5**

## Pump Station Degreaser

Formulated to float on the fatty effluent in pump-chambers and prevent the build-up of fats and grease on pump motors and switch gear while also eradicating typical odour problems from the chamber.

**Product code: PSD5, PSD25**
