

## Solvent Cleaner

A mixed organic solvent for the rapid removal of chewing gum, lacquer, nail varnish, gloss paint, polish, tar etc. from water-sensitive carpets, curtains and upholstery fabrics. Also suitable for the removal of bitumen and adhesive from hard floors.

**Product code: SC**

## Chewing Gum Remover Aerosol

An ozone friendly freeze aerosol for use on chewing-gum in locations where solvents are either unwelcome or prohibited.

**Product code: CGR**

## Hire Detergent Liquid

### Carpet and Upholstery Cleaner

A highly versatile, economical non-foaming extraction solution for use in all makes of carpet and upholstery extraction cleaning machines. Particularly suited to the DIY and domestic machine hire operators.

**Product code: HD1, HD5**

### Furniture Coasters

Place these coasters under furniture legs to prevent colour migration and staining on damp, freshly cleaned or treated carpets and rugs.

**Product code: COAST**

## Acoustic Tile Cleaners

### Acoustic Tile Cleaner No. 1

Specialist cleaner for absorbent suspended (acoustic) ceilings. Emulsifies residual soiling including nicotine. Suitable for most hard surfaces, chandeliers etc. Excellent cleaning results without affecting acoustic or fire retardant properties.

**Product code: ATC1**

### Acoustic Tile Cleaner No. 2

To be used in conjunction with Acoustic Tile Cleaner No. 1 to enhance whitening.

**Product code: ATC2**

### Acoustic Tile Cleaner No. 3

Formula designed to attack most water and grease based stains as well as finger marks which prove harder to remove.

**Product code: ATC3**
